

# Notes From The Farm

newsletter of the adirondack  
mennonite heritage association  
Vol. 11, Issue 1 Spring 2001

Dear Friends,

For several years we have been working a little at a time repairing the barn foundation at the Heritage Farm. Recently several factors have combined to cause the Board of Directors to determine that this project should be completed this year.

- We are debt free and have money on hand for regular operational expenses.
- The necessity for more space for the Z-Fest and other AMHA activities.
- The real possibility of the barn being blown off the temporary foundations by high winds. (High winds over the past year and a half have caused the frame to move a significant amount.)

In order to complete this project we are seeking funding from our members, constituent congregations, other supporters, in addition to fund raising events.

We have already received estimates from contractors to complete the foundation stone-work, straighten the frame and replace deteriorated sills. The total for this work is \$43,000. We currently have \$7000 in our account that we feel we can use, \$1000 from a local congregation and already \$1000 from the members of AMHA. Now we are asking you to contribute. Contributions are tax deductible. Please fill out the form at the bottom. THANK YOU

We hope to raise a significant part or all of the monies needed before the project starts this summer. If it becomes necessary we will borrow money to complete this project. You can also help in this way. Again complete the form at the bottom.  
THANK You

Yours in Christ,  
Board of Directors
